## Plant Operations

### Wastewater Treatment

Miller Environmental, Inc. has immediate openings for full and part-time Wastewater treatment systems operation professionals in the Somerset Co, PA area.

Duties include the operation and maintenance of wastewater treatment systems and compliance with all regulations and requirements.

Occasionally will be involved with hands-on operation and maintenance of the sewer collection systems.

PA wastewater certification preferred but will consider candidates with hands-on experience operating wastewater plants. Valid drivers license is required.

Person must have demonstrated process control and daily operations experience with limited supervision.

Person would be required to perform routine mechanical, electrical and computer tasks (Word and Excel).

Firm offers a competitive compensation package including medical, life, STD, LTD, plus 401(k) Plan with profit sharing.

Miller Environmental is an Equal Opportunity Employer
