Plant Operations

Wastewater Treatment

Miller Environmental, Inc. has an immediate opening for a part-time wastewater treatment systems operation professional in the Berks County, PA area.

Duties include the operation and maintenance of wastewater treatment systems and compliance with all regulations and requirements.

Occasionally will be involved with hands-on operation and maintenance of the sewer collection systems.

PA wastewater certification and valid driver's license are required.

Person must have demonstrated process control and management experience with limited supervision.

Person would be required to perform routine mechanical, electrical and computer tasks (Word and Excel).

Firm offers a competitive compensation package including medical, life, STD, LTD, plus 401(k) Plan.
